

HELMETS

ALS HELMET

- ALS (Air Line System) venting technology uses eleven intake and exit vents to move air into and through the helmet
- Construction is a hand-laid fiberglass shell and is SNELL M2010 and DOT ECE22-05 approved
- Helmet shell comes in three sizes for superior comfort and fit (XS-M, L-XL and 2XL-3XL)
- Vented, integrated visor assembly is angled optimally for the best view forward
- Comfort liner is removable and washable

CLASSICK PANT

- Hands down, the best made, most durable, best fitting, longest lasting pant available at a great price
- Air Line System (ALS) vents are positioned mid-thigh and feature a venturi effect for positive cooling
- Straight-leg design for a more comfortable and better fit
- Multi-directional flex, 1680 Denier ballistics construction
- Hand-formed and hand-cut padding with room for a knee brace
- High-back waist, improved jersey retention, adjustable lower-back support and a 10mm-thick pad for low-spine protection
- Cinch-strap adjustable waist closure
- Moisture-wicking mesh liner runs from waist to ankle and is stitch-secured in key areas for easier on/off
- Kadra® 600-denier fabric on inner leg and butt area for extra abrasion protection
