ZVM-X SUPER STREET SERIES X-RING®

- D.I.D.'s Super Street Series X-ring Chains were designed with increased power transfer from the engine to the ground
- Greater resistance to stretching under load and overall improved performance
- ZVM-X chains are the strongest high mileage chain made by D.I.D
- D.I.D.'s PATENTED X-ring construction reduces friction by twisting between the side plates - not being squashed!
- Twisting action of the X-ring disperses pressure and minimizes power loss
- X-ring's four contact points greatly increase its sealing performance, keeping dirt out and the lubrication in!
